MANAGER OPERATIONS PLANNING
FORTSCUE METALS GROUP

Hexagon Mining is the only company to solve surface and underground challenges with proven technologies for planning, operations, and safety. We bring surveying, design, fleet management, production optimization, and collision avoidance together in a life-of-mine solution that connects people and processes. Our customers are safer, more productive, and can make sense of their data.

Headquartered in Tucson, Arizona, with offices worldwide, Hexagon Mining is shaping smart change by helping to connect all parts of a mine with technologies that make sense of data in real time. We deliver technology, service, and support. Learn more at hexagonmining.com and follow us @HexagonMining.
